## स्वयं उड़ान

THE PLUNGE

**By Feuchurn: An engaging and interactive platform to explore various career professions**

**Feuchurn**

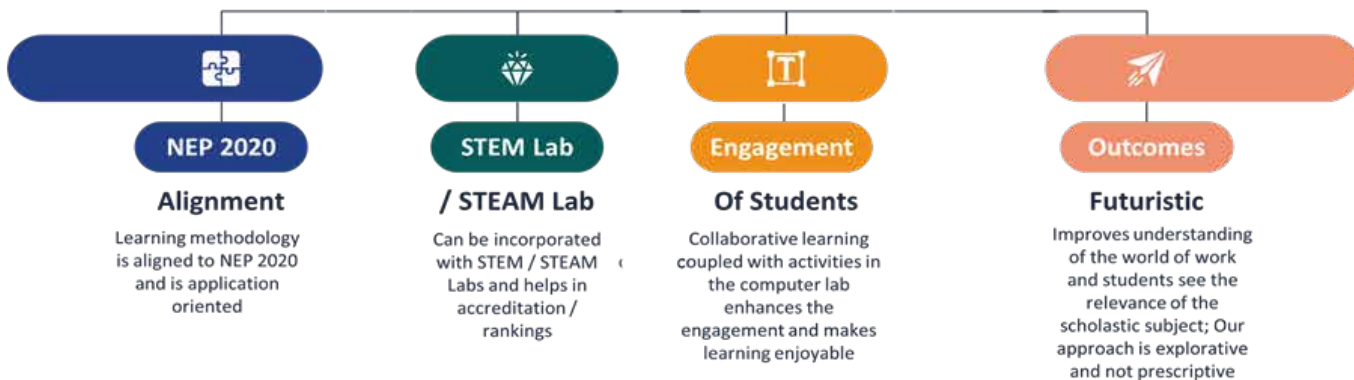

**Email: feuchurn@gmail.com**

- "Feuchurn" is being introduced in July 2024 for Classes 7 to 12 as an online platform to revolutionize how youngsters make career choices.
- Through our original content, engaging pedagogy and experiential learning we create practical awareness for variety of professions so that the students get clarity about them which helps them to determine their own area of interest.
- Our unique approach of "experience it before taking the plunge" will help youngsters make informed decisions of higher education, find their job-person fit and improve their employability.
- The platform will democratize knowledge through multi-lingual content which will provide a direction to youth in remote areas as well..

**Our USP**

- Bridging the gap between what is taught in class and what happens. in the industry
- Industry terminology added to students' repertoire
- The content will include real-life business dimensions with domain specialization.
- In-built value education.
- Content improves general awareness required as citizens and consumers.
- Solid network of mentors and industry professionals.
