India is a land of saints and sages. Since time immemorial it has always attracted people from all over the world to come to this land of KARMA - in search of true knowledge, peace and happiness, for delving into the mysteries of life and existence.

India has experienced it all Foreign invasions, monstrous suppression, imperial exploitation - are all part of its history. Great kings and emperors have ruled and gone, leaving behind them magnificent monuments and cities-Great sages and messiahs have preached and laid down new paths of religious thought and practice. Great scholars and intellectuals who have understood the need of our millions have given them constructive energy through their thoughts and actions. All this and much more has become part of our glorious heritage.

Today again, when the dark clouds of socio-cultural disparity are darkening our horizon, the time has come for the quest of those values and principles-for rediscovering our glorious heritage-of finding new paths, rededicating ourselves to the duty and service of our nation by following the paths and principles etched out by great men in every age and every province of our land, of making such resolutions that have persisted and enriched our lives from the Vedic times to the Gandhian Era.

PUNYATIRTHA : is truly a musical pilgrimage drawing inspiration from our rich cultural heritage, recounting most major events and people who have played an important role in our glorious past. Through this ballet Yuvak Biradari has endeavoured to inspire our present generation to rekindle the lamp of true knowledge, tradition and culture.
